BYLAWS REVISION PROPOSAL

Re: Section E – Conditions of Eligibility

Bylaws Resolution C-2009

Whereas, the follow change is required because of changes to the International Union of Operating Engineers Constitution and Local 310 Bylaws currently conflict.

Therefore, be it resolved that the Local 310 Bylaws be rewritten by replacing the second paragraph, first sentence of Article III, Subdivision 4, Section E – Conditions of Eligibility with “To be eligible for the office of Business Manager, the Member must have been continuously employed at the trade or actively sought continuous employment at the trade, during the two (2) years proceeding the month of nominations.”

Fraternally Submitted;

Executive Board
